UNITY

Tomorrowland

Serax and Tomorrowland—two internationally acclaimed Belgian brands—have joined forces to create *Unity*, a tableware collection where simplicity in form meets magical design. Just as Tomorrowland unites people from all over the world through music, *Unity* aims to bring people together around the dining table, whether for an intimate family meal or a lively dinner with friends.

Crafted from timeless white porcelain and mouth-blown glass, the collection features minimalist shapes adorned with hand-drawn illustrations by Tomorrowland's in-house creative team. Birds, butterflies, and fantastical plants evoke the festival's dreamlike world, echoing a new kind of nature-inspired art nouveau. With hand-engraved details and a deep respect for craftsmanship, *Unity* reflects the shared vision of both brands: to create refined, meaningful experiences through design.

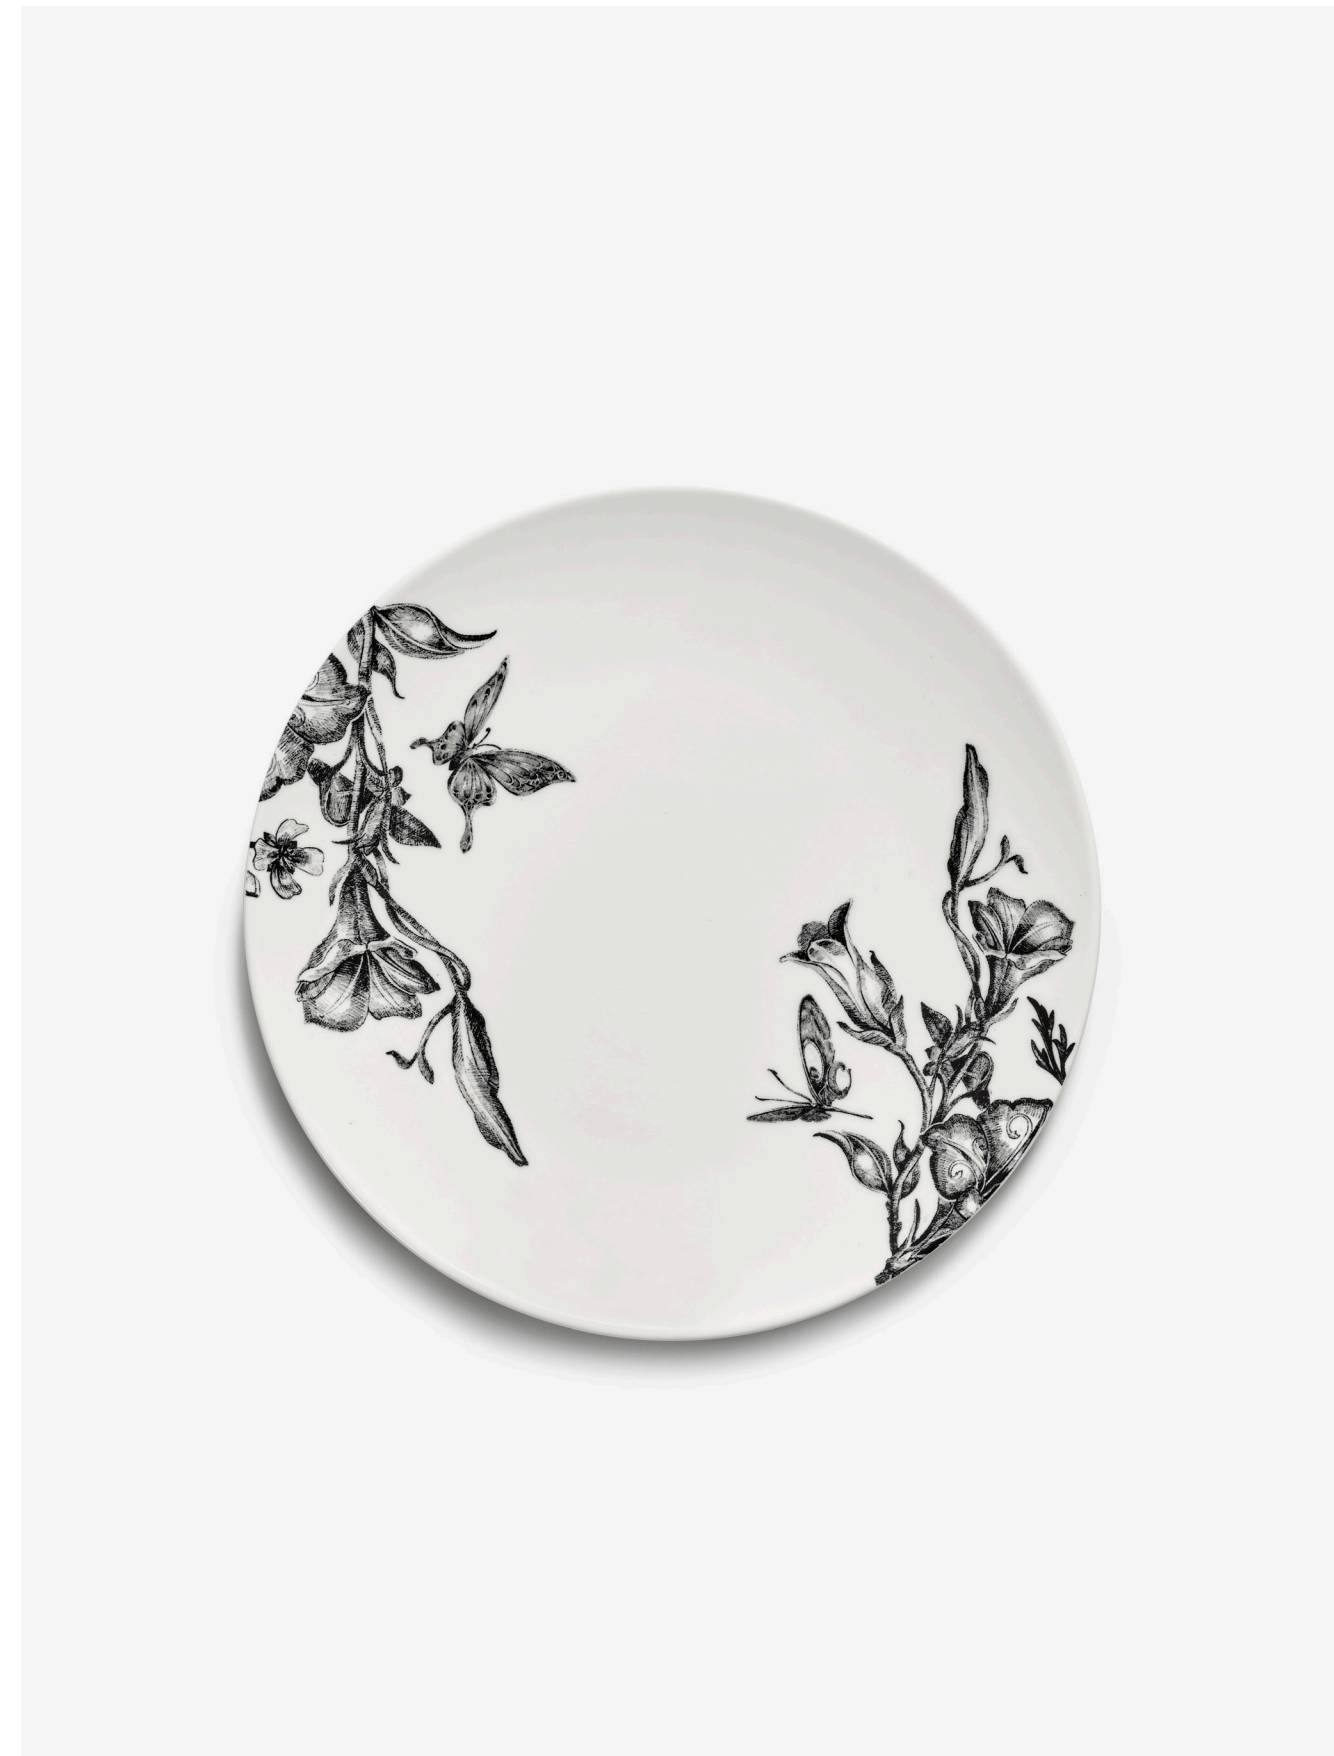

UNITY — TABLEWARE

Unity is a comprehensive collection of plates and glasses designed to suit various dining occasions. The tableware is crafted from high-quality white porcelain, chosen for its timeless elegance. The plates feature a highly minimalist design and are subtly decorated with illustrations that seamlessly align with the distinctive artwork of Tomorrowland. Illustrations of birds, butterflies, and surreal plants instantly evoke a dreamy and fantastical atmosphere. Every design was hand-drawn by Tomorrowland's in-house creative team.

As a beautiful addition to the plates, the collection also includes a coffee cup and a milk jug, both equally refined in their elegance. Serax's boundless passion for craftsmanship and many years of experience have resulted in *Unity* becoming a collection of exceptional sophistication.

UNITY — GLASSWARE

Unity is a comprehensive collection of plates and glassware designed to suit various dining occasions. The glassware features a classic shape but is adorned with illustrations of birds and butterflies that perfectly align with Tomorrowland's signature artwork. Every design was hand-drawn by Tomorrowland's in-house creative team and then crafted using traditional techniques. The glassware is mouth-blown, and the illustrations are hand-engraved. Serax's boundless passion for craftsmanship and years of experience have resulted in *Unity* becoming a collection of exceptional refinement.
